THE ALPHA BET OF COMP LEXITY

"Can life be optimized? And if it can, what would you even optimize for?"

– Xiaowei Wang

20.04.2022

5:30-6:45 p.m. CET

A, as in "agroecology":

What can agroecology teach us about the complexity of today's food systems?

Key speakers: Justyna Zwolińska, Katalin Réthy

23.04.2022

5:30-6:45 p.m. CET

B, as in "biodiversity":

How do plants and ecosystems naturally adapt and how do agroecology practitioners use this phenomenon?

Key speakers: Salvatore Ceccarelli, Annika Michelson

27.04.2022

5:30-6:45 p.m. CET

C, as in "corporate power":

How the reductionist vision of science is used in corporate techno-fixes?

Key speakers: Gunter Backes, Andrea Beste

7.05.2022

5:30-6:45 p.m. CET

D, as in "deconstructing":

What are the realities and narratives within molecular biology?

Key speakers: Angelika Hilbeck, Ignacio Chapela

11.05.2022

5:30-6:45 p.m. CET

E, as in "experience":

What can the history of fighting against GMOs teach us?

Key speakers: Martha Mertens, Benedikt Haerlin

14.05.2022

5:30-6:45 p.m. CET

F, as in "fatal":

Can gene drives lead to the extinction of whole species?

Key speakers: Selina Tenzer, Diego Bárcena

18.05.2022

5:30-6:45 p.m. CET

G, as in "guardians":

What type of wisdom do we need to guard ecosystems from techno-fixes?

Key speakers: Ignacio Chapela, Carsten Tiede, María Carrascosa

25.05.2022

5:30-6:45 p.m. CET

H, as in "holistic":

What factors should be taken into consideration in the battles to reclaim power over food systems in 2022?

Key speakers: Christine von Weizsäcker, Benedikt Haerlin, Nina Holland

28.05.2022

5:30-6:45 p.m. CET

I, as in "inspirations":

What constitutes an effective campaign?

Key speakers: Evelyn Leveghi, Martin Winiecki

1.06.2022

5:30-6:45 p.m. CET

J, as in "journey":

How can we conclude our journey?

Key speakers: Members of The Save Our Seeds Collective
